

October 7, 2003

Marianne Lamont Horinko
Acting Administrator
U.S. Environmental Protection Agency
Attention: Chemical Right to Know
P.O. Box 1473
Merrifield, Virginia 22116

I am writing to provide the Agency with an updated report regarding commitments to the International Council of Chemical Associations (ICCA) HPV initiative since my last report of July 14, 2003. Although in most cases these are reports of commitments not previously sponsored under the ICCA HPV Initiative, it includes a few cases of changes in sponsorship, primarily in the form of a move of sponsorship from an individual company to a consortium, or correction of errors in previous reporting.

I have also included a report on removals of commitments to the ICCA HPV Initiative, accompanied by an explanatory comment where available. In most cases the removal of an ICCA commitment does not have an effect on the US HPV Challenge Program.

In a few cases I have repeated information reported previously, because that information is not reflected in EPA's most recent update. Those cases are noted on the tables.

Also, please note that we do not attempt to update information regarding membership in consortia. If you have any questions in this regard, please consult the technical contact or visit the ICCA HPV Tracking Site, <http://www.iccahpv.com>.

If there are any questions regarding this information, EPA staff should contact me (703/741-5926, e-mail Fred_McEldowney@americanchemistry.com).

Sincerely,

Frederick C. McEldowney
Chair, ICCA HPV Work Group
